PROFESSIONAL EXPERIENCE

Orderloop

Jan 2026 – May 2026

Customer Support Specialist / PHP Intern

- Supported SaaS and restaurant-management software, helping users with dashboards, onboarding, and day-to-day technical issues.
- Troubleshoot software, basic hardware, and connectivity issues and guided customers toward practical solutions.
- Worked with PHP and MySQL to maintain web applications, modify features, fix bugs, and test functionality.
- Assisted with HTML, CSS, JavaScript, and Bootstrap integration and collaborated with developers on enhancements.

Optimized Technolab

Jun 2024 – Dec 2025

IT Technical Support

- Provided technical support for computers, printers, routers, software, internet, and network connectivity.
- Installed, configured, and maintained IT devices, operating systems, software, drivers, and system settings.
- Diagnosed hardware, software, LAN/Wi-Fi, and connectivity problems and provided remote and on-site assistance.
- Managed support tickets and followed issues through to resolution for clients and staff.

EDUCATION

M.Sc. IT FinTech — Marwadi University, Rajkot

Bachelor of Computer Application — H J Doshi IT Institute, Jamnagar

TECHNICAL FOCUS

Software development and application support, with practical knowledge of IT systems, networking, hardware troubleshooting, databases, version control, and containerization.
